

Homework Policy

Homework packets are passed out at the beginning of each week. Your student's homework packet consists of a spelling list, Spelling Tic-Tac-Toe, and a weekly agenda.

Homework typically consists of one spelling and one math assignment. Students will receive their and math assignments daily on Monday through Thursday. Spelling homework consists of one activity from the Tic-Tac-Toe worksheet which is provided at the beginning of the week. Students are expected to complete one spelling item from the Tic-Tac-Toe list each night, Monday through Thursday. Homework is stamped and or collected on a daily basis. Missing and "no name" homework results in a PR point and completion during morning recess. There will be no exceptions. Students are responsible for checking to make sure that they come and leave the classroom prepared every day.
